PATIENT ENGAGEMENT SUMMIT

NewYorkBIO partners with patient advocacy groups to connect leaders in the patient community with leaders in the biotech and life science. The Summit features panel discussions with representatives from across the the patient and life science ecosystems. NewYorkBIO focuses on linking patients with companies and researchers who work to discover and develop treatments and cures.

VIRTUAL BREAKFAST SERIES

**NEW YORK
BIO** 

Breakfast Series

Tuesdays at 9:00

Sam Waksal

The Virtual Breakfast Series is a digital program started in the spring of 2020, featuring fireside chats with leaders from across the healthcare spectrum. The program runs every Tuesday at 9:00am and previous episodes are featured on NewYorkBIO's YouTube channel.

\$5,000

ONCOLOGY SUMMIT

NewYorkBIO connects researchers, doctors and industry professionals for this half day of panels, vision talks and networking. This event is based in Buffalo, New York, a city filled with research institutes and innovation.

\$5,000

ANNUAL MEETING

NewYorkBIO's largest event of the year, our annual meeting, hosts an array of important industry topics through a full day of panels and vision talks. Biotech, medtech, and life science industry leaders are brought together as speakers and guests to inspire each other and create professional connections that outlast the scope of the day and set the path for future field discoveries.
